

Geologist

Name: **Pau**

Surnames: **Montero Estaña**

Date of Birth: 07/08/1987

Nationality: Spanish

Passport N°: AAG472083

Tel: +54-2901-15-478497

E-mail: paumontero87@gmail.com

Present Address: Bernardo Houssay 200, Ushuaia, Tierra del Fuego, Argentina.

I have a Degree in Geology from the University of Barcelona, October 2012.

I have performed an Exchange Stage in the Department of Geological Sciences, University of Chile, Santiago, during the 2011-2012 academic year, developing a geomorphological project in the Department of Geological Sciences: "Stereo geomorphological study of the various Quaternary deposits in the locality of Morales, Chile"

I am currently a doctoral thesis student at CADIC, CONICET (Argentina) under the supervision of Dr. Jorge Rabassa.

I have developed a high proficiency in sports related to the mountain environments, such as trekking, mountaineering, ski touring, and climbing, among others.

I have experience in health support work at high altitude.

Education

- **University of Barcelona.** Degree in Geology. September 2006 - October 2012.
- Exchange Stage at the **University of Chile.** August 2011- July 2012.
- Doctoral thesis student **at CADIC, CONICET.** May 2014 - at present.

Work Experience

- **Baobab Energy**, August 2012. Assistant geologist in the field, prospecting photovoltaic facility in northern Chile. Working on obtaining the georeferences of satellite photographs and topographic maps. Preliminary analysis of the outcropping surface sediments in the area. Northern Chile.
- **Geoestudios**, August 2013. Fieldwork, use of ground-penetrating radar (GPR) for measuring ice thickness in several localities in Central Chile.
- **Professional Institute Duoc**, from August to December 2013. Lecturer in a technical career for Geology technicians. Logistics for field work and camp preparation and maintenance. Santiago de Chile, Chile.
- **Universidad Nacional de Tierra del Fuego**. March, 2015 to August 2015 . Teaching Assistant in the course of "Introduction to Geology".

Workshops

- Stage young mountaineers (FEEC), July 2010. Safety and rescue procedure in high mountain glaciers and rocks. Ecrins, Alps Mountains, France.

Languages

English: Basic knowledge.

Catalan and Spanish: native languages.

French and Portuguese: reading capability.

Software

I have experience using ArcGis, Corel Draw, GlobalMapper, msOffice, Photoshop, QGis.
